[redacted]

Yes, an extension is being prepared.
No, an ARF is not needed for this assignment at this time

Thank you
Chris

Chris,

Thanks! I told [redacted] and all TD Managers never should any work be completed past the end date and that a TD Amendment is needed through their respective WAMs to extend the end date. I have the Tetra Tech systems set up so that no one can bill past any end date. He mentioned that he had asked you for a TD amendment prior.

Will a TD Amendment be coming our way today with an end date extension or is an ARF no longer needed? Sounds like [redacted] was confused? Feel free to give me a ring on my cell [redacted] if easier.

Thank you,

[redacted]

Christine,

What is the status of the TD Amendment to extend the end date for Shiloh Church Rd Removal ASSESSMENT Support? This TD expired on 12-18-20. I believe our sample coordinator was working on submitting an ARF [] please correct me if I am wrong) but the TD is expired and we will need an extension to continue working on this TD.

Thank you,
